Annual Fall Faculty/Staff Academic Advising In-Service
Thursday, October 22, 2015
2:00 p.m.- 4:00 p.m. in Sabin 102 (Computer Lab)

Utilizing a scenario-based format, participants will learn about guidelines, policies and procedures related to academic advising, academic programs such as the Liberal Arts Core, as well as how to access the advising tools and resources available at UNI. In many cases, returning faculty advisors often find the workshop more valuable the second time with the context of a year or more of student advising experience.

If you are planning to attend, please RSVP to david.marchesani@uni.edu by Tuesday, October 20 by 5:00 p.m.

Please do not hesitate to contact david.marchesani@uni.edu if you have any questions or need additional information about this opportunity.
